### **Altius Solutions, LLC Acquires SkySite**

(ATLANTA) February 7, 2005—Altius Solutions, LLC ([www.altiussolutions.com](http://www.altiussolutions.com)), a regionally based antenna and riser management company, announced that it has acquired SkySite, LLC, ([www.skysite.net](http://www.skysite.net)) a local antenna management and site selection firm.

“The combination of SkySite and Altius Solutions creates one very strong antenna management company with deep carrier relationships and extensive expertise in rooftop management. SkySite has significant experience and deep relationships with cellular carriers and has a comprehensive site management program. Altius Solutions offers similar site management services with a heavy RF Safety and regulatory compliance emphasis”, said Altius President and CEO, Kevin Link.

Altius Solutions, LLC will acquire numerous antenna management clients under the acquisition, including a key antenna site in Buckhead - Tower Place. In addition, John Davis, President of SkySite, LLC will continue to work with Altius Solutions, LLC.

John Davis was pleased with the acquisition by Altius, saying “The joining of the two companies’ management team, assets, methodologies, building portfolio, and carrier contacts makes a lot of sense – creating a very robust and compelling offering of services to property managers and clients. I look forward to working as part of the Altius Solutions team”

Cousin’s Michael Hoffer, CPM, RPA, Senior Property Manager at Bank of America Plaza, a site managed by Altius Solutions, felt that “there really is no one in the marketplace who brings such a comprehensive suite of antenna and riser management services, as well as telecom expertise to the table, with a very client-centric focus. The results with Altius Solutions to date have been outstanding, and I am pleased the see them growing to be able to serve more of the market.”

Since both companies are privately held, specific terms of the deal were not disclosed.
